My Concierge Program

As your physician, nothing is more important to me than our relationship. I want to work closely with you, guiding you towards medical and lifestyle changes that can help keep you on the path to long-term wellness and improve your quality of life. Unfortunately, the current insurance climate makes the delivery of this service increasingly difficult, if not impossible.

That is why I now offer a Concierge Choice program that allows me the extra time needed to provide you with personalized care and a level of attention and service that I believe is so important.

As a concierge member, I will be available to you 24 hours a day, seven days a week should you need me. From relaxed office visits that generally start on time, to coordinating and advocating for you with specialists, the concierge program allows me to care for your physical and emotional needs in an environment that is conducive to your personal health and well-being.

The annual membership fee for the program is \$2,500 and can be made payable via credit card, check or automatic deduction. There are easy payment plans available as well. For details, please call Concierge Choice Physicians at (877) 888-5565.

A Healthcare Advocate On Your Side

What happens to you medically outside of my office is important to me. My concierge program allows me more time to advocate on your behalf. I can help you secure appointments with specialists and coordinate your care. I can also help you understand your medical situation in the context of your whole health history, and assist you in making important decisions regarding your care.

Dedicated Time Personalized Care

Special hours dedicated to the concierge program allow me to offer same-day or next-day appointments that are much more relaxed in nature. We can spend time discussing not just the particular issue troubling you at the moment, but also your health as a whole, with a greater emphasis on life-style coaching and preventive wellness.

Concierge Program Benefits

The cornerstone of my program is the annual comprehensive physical examination. This examination goes beyond what a traditional exam would include. Most importantly, the extended nature of the exam allows us to work more closely together to examine all of the ways we can improve and maintain your health.

Summary of Program Benefits:

- The annual comprehensive physical—includes a thorough patient history along with a variety of health risk appraisals and supplementary testing customized to your unique needs
- Same-day or next-day appointments
- Dedicated concierge hours so appointments are longer and start on time
- Relaxed visits so that you can feel comfortable asking all your questions
- My availability after hours or on weekends via my private cell phone number
- Convenient email communication for non-urgent matters
- Same day response by me to your calls
- A dedicated office telephone number
- My personal communication with you to explain test and laboratory results
- Facilitation with pharmacies and insurance claims
- Enhanced coordination of care with specialists and other health providers
- A portable USB memory device to carry medical information

HEALTH YOUR TOP PRIORITY

What do you most love to do? Travel? Spend time with your children or grandchildren? Play golf? Without good health, energy and peace of mind, it is impossible to truly enjoy all the activities you love. There is no better investment than in your health. A physician who really knows you and is there for you is key to the excellent and convenient care you deserve.

JOIN NOW!

Membership in my program is limited. Please let me know if I can personally answer any questions you have about the program. You can also reach Concierge Choice Physicians at (877) 888-5565 with any questions you may have.

Here's what patients like you are saying about the **CONCIERGE PROGRAM**

"Program only improves the excellent service."

"The staff is fabulous. He has already done more than any other doctor."

"I have never had this level of care from the medical service industry. A+. Not only is the doctor excellent but the entire office staff is great."

"Service is excellent. Professional, ethical and efficient. Thank you for this service."

"The staff is friendly, courteous, supportive. I could not ask for more in my healthcare; all questions are answered in detail to my complete understanding."
